

SOCIETY AND OTHER INTERESTS OF WOMEN

Many Club and Social Events Follow Lifting of "Flu" Ban

Isn't it a grand and glorious feeling to "step out" in society again? At first it was rather novel to postpone one's engagements, pleasurable and otherwise, but as the novelty wore off, gradually the truth was brought home to us that much as we might scoff at society the absence of it proved beyond dispute that it is essential, if not to our happiness, to our contentment, at least.

Most of the club women seem to have realized this, and as a result this coming week is to be a busy one in the club world. The Progress club was the first to meet, having held a business session Saturday. Its departmental meetings will be continued according to the schedule in the year book, the programs which were postponed being included from time to time in the regular programs. The art department of the club will meet on Monday of this week, the nature study department on Tuesday, section one of the literature department on Wednesday, the music department on Thursday, and the department of civics and philanthropy on Friday.

The initial meeting of the South Bend Woman's club will be on Tuesday evening, when Dr. Frederick Howe, the U. S. commissioner of immigration at the port of New York and Ellis Island, will present his lecture on "Immigration and Reconstruction After the War." On Friday afternoon the department of literature will meet in the club rooms.

Among the other clubs of the city which will meet this week are the following:

On Monday the Novel club will meet with Mrs. Dudley William Bunker, 551 Park av. Mrs. Joseph Stephenson will act as assisting hostess. The members of the As You Like It club will be entertained at supper Monday night at the home of Miss Lillian LaPierre, 113 E. Navarre st. On Tuesday evening the Mary Ann and Studebaker clubs will entertain with a dance in the administration building, Mrs. George Fulmer, 1023 S. Michigan st., assisted by Miss Valeria Bondurant, will be hostess to members of the Musicians' club at a 6:30 o'clock dinner, a meeting of the Woman's College club will be held in the afternoon at the home of Mrs. George Belter, 110 Franklin pl., members of the Ayudadora circle will meet with Mrs. F. L. Chilcote, 216 E. Navarre st., and the Home Needlework club will hold a meeting at the home of Mrs. William Roush, 501 E. Haney av.

On Wednesday the Harmony Reading circle will meet with Mrs. J. Marquis, 814 Diamond av., where the members will continue the reading of Gerard's "My Four Years in Germany."

The Impromptu club will present a program on "Americanization," under the direction of Mrs. Homer J. Miller at the meeting to be held Thursday with Mrs. A. M. Moore, 1077 Woodward av. The North Side Culture club will meet on the same day at the home of Mrs. H. M. Bailey, 1035 Yukon av., and the Nonpareil club will meet at Red Cross headquarters. The 20th anniversary of the organization of the Circle of Mercy will be observed at the meeting to be held on Thursday with Mrs. Patrick O'Brien, 722 W. Washington av.

On Friday evening two interesting social events will take place. The monthly dinner of the Woman's Dining club will be given at the Oliver hotel at 7 o'clock followed by a talk by Rev. C. W. Titus of Mishawaka on "The Humor of the Trenches," and the Married Folks' Dancing club will hold its initial dance of the season at the Indiana club.

A week so full of social and club events would seem to indicate that the enforced vacation is going to furnish an impetus for such events.

At the special meeting of the Progress club which was held Saturday afternoon, 50 new members were voted into the club. Music was furnished by the Victory chorus in charge of Miss Effie E. Harmon, and Miss Marjorie Blake sang a solo. The delegates who were appointed to attend the convention of the Federated clubs of Indiana were Mrs. Fred Woodward, Mrs. K. C. DeRhodes, Mrs. Eugene Warner, Miss Virginia Tutt, Mrs. George Fulmer and Mrs. F. D. Nicely. Reports were given on the War Victory commission, on the Liberty bonds purchased by club members, and on the work of the departments.

The next meeting will be held Nov. 23, at which time Arthur Bus-

tor will talk. All departments will resume work this week.

Miss Pearl Annis of this city and Raymond Henry Garratt of Lakeville were married Friday evening. The ceremony was performed by Rev. W. A. Brundige of the Indiana Avenue Christian church.

Mrs. Fred Woodward, 522 S. St. Joseph st., entertained a few friends with a 6:30 o'clock dinner Saturday. The evening was spent informally.

The wedding of Miss Clara Hartford of South Bend and Chauncey Warner of Michigan City, took place at the residence of Rev. W. A. Brundige Saturday afternoon at 3

o'clock. They will reside in Michigan City.

The Studebaker and Mary Ann clubs of the Studebaker corporation will entertain their members and friends Tuesday evening at a dance to be given in the administration building. Steimrich's orchestra of Elkhart will furnish the music for the program of dances.

The As You Like It club will be entertained Monday evening at the home of Miss Lillian LaPierre, 113 E. Navarre st. Supper will be served at 6:30 o'clock to the members. The topic of the evening will be "The Transfiguration of France," and Miss Minnie French and Mrs. Ella J. Harris will be in charge of the program, talking as their subjects, "Old France" and "Fighting France."

The Home Missionary society of St. Paul's M. E. church will meet Tuesday afternoon at 2:30 o'clock with Mrs. George Vesey, 719 Rex st. The leader will be Mrs. E. A. Lucado, and the program will be in charge of Mrs. Patterson.

Washington av., the 20th anniversary of the organization of the circle will be observed with a fitting program. The anniversary really falls in October, but its observance was necessarily postponed until the lifting of the ban.

Women's War Work

CANNING REPORTS SHOW VALUE OF COLD PACK CANNING.

The home demonstration agents have gone about their work in the city and county rather unobtrusively and it is only when actual reports are tabulated that we realize what their work has accomplished.

Most of the demonstrations and talks given during the summer months were devoted to spreading the doctrine of cold-pack canning. The result of the summer work is now apparent in the canning reports which are being turned in daily to both agents.

A most comprehensive report of the canning done by 50 families, including 197 persons, has been prepared by Miss Lelia A. Ogile, city home demonstration agent. "Fighting the flu" is literally true in this instance. Read this and then mentally resolve to do all cold pack canning next year.

Report of Canning.

Thirty-seven families canned 897 quarts of vegetables, open kettle, mainly tomatoes; 11 families report 28 1-2 quarts of vegetables, open kettle, spoiled; 26 families report no vegetables, open kettle, spoiled.

Forty-seven of 50 families canned 1,860 quarts of vegetables, cold pack; 15 families report 13 quarts of vegetables, cold pack, spoiled; 32 families report no vegetables, cold pack, spoiled.

Forty-seven of 50 families canned 1,519 quarts of fruit, open kettle; three families report eight quarts of fruit, open kettle, spoiled; 58 families report no fruits, open kettle, spoiled.

Thirty-one of 48 families report 1,022 quarts of fruits canned, cold pack. Five of 48 families report seven quarts of fruits, cold pack, spoiled; 26 families report no fruits, cold pack, spoiled.

Thirteen of 28 families report 61 pounds of dried vegetables; 20 families report 200 quarts of pickles, relishes, 1,007 glasses jelly, 399 pints of fruit butters.

Totals.

Vegetables canned, open kettle, 1,897 quarts, spoilage, 28 1-2 quarts. Vegetables canned, cold pack, 1,860 quarts, spoilage, 13 quarts. Total, 3,757 quarts; spoilage, 41 1-2 quarts.

Fruits canned, open kettle, 1,519 quarts; spoilage, eight quarts. Fruits canned, cold pack, 1,022 quarts; spoilage, seven quarts. Total, 2,541 quarts fruits, spoilage, 15 quarts.

Grand total of fruits, vegetables and pickles canned, 5,348 quarts. The report besides proving conclusively that the cold pack method is the surer one, shows that more vegetables were canned at home than ever before.

Miss Ogile asked the women to include in their report the number of women that they had shown or told how to cold pack and as a result she learned that these 50 women had reached 2,655 other women.

DON'T FORGET FRIENDLESS SOLDIERS?

Very few contributions have been received at Red Cross headquarters for the filling of the 1,000 Christmas cartons to be sent to members of the A. E. F. who are without friends or relatives to whom Christmas parcels might be sent. There is no more worthy object or none which will bring more satisfaction to the giver.

If you do not care to personally superintend the packing of a box a money contribution will be most welcome. Your donation should be in no later than Monday or Tuesday.

RED CROSS HEADQUARTERS OPEN MONDAY NIGHT.

Red Cross headquarters will be open Monday night to distribute Christmas cartons and to receive the filled ones.

Thursday is the last day on which boxes may be brought in, but Red Cross officials ask that where possible they be returned Monday or Tuesday so that the inspection and wrapping may be facilitated.

Do not paste your label on the box before bringing it to headquarters as it must be put on after the contents have been inspected and the outer wrapping adjusted.

Red Cross officials have written to Lake division headquarters for instructions regarding the sending of Christmas boxes to local boys from whom no labels have been received by their parents, but as no answer has been received.

Clothing conservation is to be taught by the home demonstration agents during the next few months. The closing ban was a drawback to the early launching of the campaign, but with the cooperation of the women they hope to do much during the winter months.

The women of many districts have kept right on with their plans during these four weeks and will hold exceptionally good meetings at the first opportunity. On Friday, Nov. 22, the Perley district is planning an unusual feature. Besides an exhibition of made over clothes the women are urged to bring with them old clothing and receive suggestions as to how they may be reconstructed most profitably. They plan to hold these meetings regularly at which time they will make over cast off clothing and sell it, the proceeds going to some war cause. Mrs. W. U. Jefferies is chairman of the district.

Elder district has also planned a clothes conservation exhibit for the meeting to be held Friday of this week in the kitchen of the school. Other districts which will meet are Coquillard on Tuesday, in the domestic science kitchen; Franklin on Wednesday, in the kindergarten

room, and Lincoln on Thursday, in the kitchen.

On Thursday the county home demonstration agent will conduct a meeting at the Mount Pleasant and Portage Home Economics clubs in the liberty kitchen in the court house.

Mrs. Victor Jones, chairman of the student nurse reserve committee, has just received the blanks with which to continue the registering of student nurses. Call Bell phone 1515 for appointment.

The campaign of the federated clubs for funds for the furlough abuses being established in France by the War Victory commission has been extended from Nov. 9 until Nov. 15. The state chairman, Mrs. T. H. McWhirter, has found it necessary to resign her chairmanship and she will be succeeded by Mrs. Alice Foster McCullough of Fort Wayne. The treasurer of the organization is Mrs. Samuel Elliott Perkins of Indianapolis. Local subscriptions should be made through Mrs. George W. Phillips, 710 S. Columbia st.

Tells a Secret

Manufacturer of Famous Medicine Tells Ingredients, So Public Can Appreciate Pure, Reliable Medicine.

Many people fear to take medicine to check and abort colds, cure coughs, catarrh, etc. This fear is groundless with all the products of The Blackburn Products Co., Dayton, Ohio. Not one contains opiates, narcotics or harmful drugs. Mentho-Laxene, for coughs, colds, catarrh and all distress following a cold is a compound of Wild Cherry, Tolu, Cascara, Grindella, Menthol, Ammonium Chloride, and alcohol sufficient to preserve and keep in solution.

Very ingredient is in concentrated form and the medicine is so strong that only 10-drop doses are to be taken in the "raw" state. But the ideal way is to make into syrup by emptying a 2 1-2 ounce bottle of Mentho-Laxene into a pint bottle and then fill the bottle with granulated sugar syrup, made by dissolving a pint of sugar in a half pint of boiling water. It is said by thousands that this makes a most effective home treatment for all cold troubles. The manufacturer guarantees it to please or money back. Sold by all good druggists. —Advt.
